

Sustainability at Woodward Academy

"Sustainability is the thoughtful process of optimizing the use of human, natural, and financial resources available to Woodward Academy to honor our history, fulfill our present needs, provide for the future, and execute our mission of education."

Highlights of Our Initiatives

Saving Energy & Money While Being Comfortable

Woodward Academy is committed to maintaining buildings that are at once energy efficient and comfortable. This helps us save money and reduce our carbon footprint.

The success of this initiative depends on the cooperation of all Academy users. **Please become familiar with the temperature set points shown to the right and encourage students to be aware of weather trends and to wear the appropriate uniform.**

For room temperature issues, please notify the Facilities Department through a TMA request.

74°
or higher
for cooling

68°
or lower
for heating

Recycling: What, How, Where

Think REDUCE, REUSE, RECYCLE

Not Acceptable

Items NOT listed on Recycling Bin Labels Including:
Construction Items
Electronic Waste
Fabric

FOODS & LIQUIDS CANNOT GO INTO THE RECYCLING STREAM - please wipe off soiled items first!

Acceptable

Dry Paper (All types)
Plastic (All types)
Cans (Aluminum & Steel/Tin)
Clean Styrofoam (Main Campus Only)
Clean Glass (Woodward North Only)
Cardboard (Sorted & Flattened When Possible)

These go into the **blue bins with MIXED RECYCLING labels!**

For additional information about disposal of other items including electronics, please visit www.woodward.edu/go/recycling.

Eating-In/Carrying-Out?

NO to Styrofoam packaging and YES to reusable eco-friendly containers for employees.

To request a reusable container, please e-mail your name and department to food@woodward.edu.

For meetings where food is provided in disposable containers/bags, please **be mindful of recycling when possible, remembering to dispose of food first.**

Heavily soiled items are not acceptable for recycling.

When possible, please **bring reusable water bottles.**

Commuting, Saving & Making Money While Relaxing

Georgia Commute Options

We get more by driving less.

Woodward Academy is a partner with Georgia Commute Options to offer our employees a free and easy-to-use commuter assistance program. With your commute, you have opportunities to earn money and improve your work-life balance.

TRY TRANSIT

MARTA is a transit option to get to your job.

Check out:

Take the Red or Gold line to the College Park Station where Woodward Academy's Student Transport buses have set schedules to the station.

Riding the Woodward Student Transport bus system is another transit option you can take advantage of; contact the Student Transport Office at bus@woodward.edu for more information.

RIDEMATCHING

There's a database of more than 50,000 people in our area looking for carpool partners or an occasional ride. Some probably live in your neighborhood or work at Woodward Academy. Save vehicle miles and keep more money in your pocket by carpooling. Register at GaCommuteOptions.com.

Woodward Academy employees can opt in to only be matched with other Woodward employees. This is available for both the Main Campus and Woodward North.

BIKE/WALK

A healthy commute is a great way to stay in shape, save money and keep a car off the road. By riding a bike or walking to work, you also won't have to worry about finding a parking space.

LOG FOR REWARDS

When you start carpooling, vanpooling, riding transit, walking or riding a bike to work, you can earn \$3 a day, up to \$100. If you are already green commuting, you are eligible for other incentives including a gas card each month for 3+ person carpools and chance to win a monthly \$25 gift card.

GUARANTEED RIDE HOME

You won't get stranded at work when you participate in Georgia Commute Options. If you need to go home early or work late and can't make your carpool, you will get a free Guaranteed Ride Home.
