Woodward Academy
2016 Spring Break Adventure

The Upper School Outdoors Club, in conjunction with the WA Institute for Student Leadership, is excited to introduce an incredible new trip and leadership opportunity during this year’s spring break. Woodward Academy and the National Outdoor Leadership School (NOLS) have partnered to offer an amazing wilderness expedition designed exclusively for Woodward students. This expedition will allow students to discover the picturesque Sonoran Desert of the American Southwest while learning backcountry skills, leadership techniques, as well as the history and ecology of this diverse landscape.

The Woodward Academy Wilderness Expedition will be led by certified NOLS instructors and chaperoned by Woodward faculty members. More detailed information about this trip can be found at: http://www.nols.edu/nolspro/custom_courses/Woodward_Academy.shtml

Interested students/parents may contact Chris Myers at 404.765.4451 or chris.myers@woodward.edu for information on trip details, costs, and paperwork.

Space is limited and the deadline for signing up is Friday, October 9, 2015.
